

Going HOME.....

Puppies with their new people

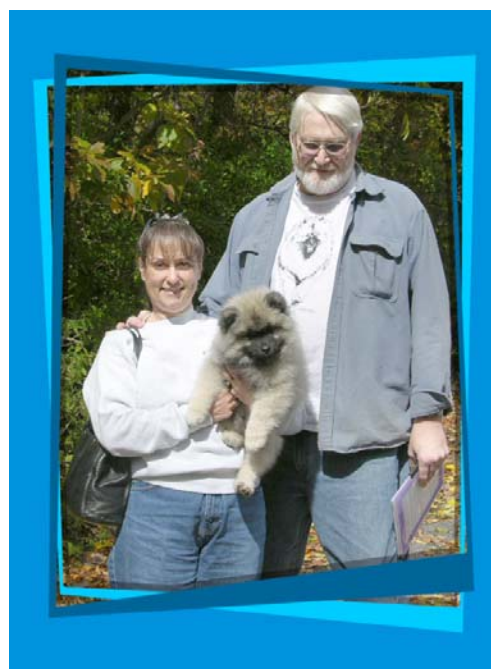

The first pup to leave was **Red Girl**.

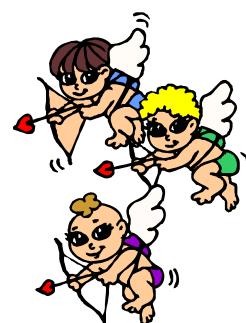

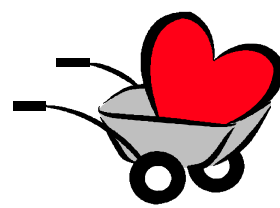

She now lives with Donelle & Mike Dermer near Richmond VA. Her name is "Cherise" ...she has a little sister, Raeana, a Papillon as well as big sister kees, Cassidy, to spend time with. Cherise will be an irresistible show girl.

Green Boy, now "Lakota", was selected by Tom & Linda Steuri near Chicago IL. He is living with his uncle, Duskee (kees). Lakota is planned to make a splash out there!

White Boy now resides with Donna Grady + Mark Kendig just west of Philadelphia PA. Now known as "Grissom", he will be a show boy and try not to antagonize his two veteran kees house brothers.

Blue Girl was last to leave the nest. She now lives in NJ with Barbara + Mike Larko. She will be a best friend, active puppy and spoiled house girl. As soon as she is named, we'll post it.

Pink Girl, now known as "Valerie", is staying here at A*starz. She will be shown when she is ready. In the meantime, she's checking out the cats and causing trouble for the rest of our all girl crew.

Mom, "Satine", will look like.. well not good in another month or so as she loses all her coat after puppies. But, cold weather is coming and soon, she will be her lovely self again. Satine has plans to hit the rings hard in 2007. Even though she was a wonderful mother, she can't wait to be a career girl again!

So, now you can watch for A*starz News on these pups and Satine and see what happens with "the rest of their stories"!
